[XIX*th* Year.] THURSDAY, *January* 19, 1764. [N°. 976.]

By his EXCELLENCY

HORATIO SHARPE, *Esq;*

Governor and Commander in Chief in and over the Province of Maryland:

A PROCLAMATION.

WHEREAS his Majesty was graciously pleased, on the 7th Day of *October* last, to issue his Royal Proclamation, in the Words following, *viz.*

GEORGE R.

WHEREAS we have taken into our Royal Consideration the extensive and valuable Acquisitions in *America*, secured to our Crown by the late Definitive Treaty of Peace, concluded at *Paris* the Tenth Day of *February* ; and being desirous, that all our loving Subjects, as well of our Kingdoms as of our Colonies in *America*, may with all themselves, with all convenient Speed, of the great Benefits and Advantages which must accrue therefrom to their Commerce, Manufactures, and Navigation ; we have thought fit, with the Advice of our Privy Council, to issue this our Royal Proclamation, hereby to publish and declare to all our loving Subjects, that we have, with the Advice of our said Privy Council, granted our Letters Patent under our Great Seal of *Great Britain*, to erect within the Countries and Islands ceded and confirmed to us by the said Treaty, four distinct and separate Governments, stiled and called by the Names of *Quebec*, *East Florida*, *West Florida*, and *Grenada*, and limited and bounded as follows ; *viz.*

First. The Government of *Quebec*, bounded on the *Labrador* Coast, by the River *St. John*, and from thence by a Line drawn from the Head of that River, through the Lake *St. John* to the South End of the Lake *Nipissing* ; from whence the said Line crossing the River *St. Lawrence* and the Lake *Champlain*, in Forty-five Degrees of North Latitude, passes along the High Lands which divide the Rivers that empty themselves into the said River *St. Lawrence*, from those which fall into the Sea ; and also along the North Coast of the *Baye des Chaleurs*, and the Coast of the Gulph of *St. Lawrence*, to Cape *Rosiers*, and from thence crossing the Mouth of the River *St. Lawrence* by the West End of the Island of *Anticosti*, terminates at the aforesaid River of *St. John*.

Secondly. The Government of *East Florida*, bounded to the Westward by the Gulph of *Mexico*, and the *Apalachicola* River ; to the Northward, by a Line drawn from that Part of the said River where the *Chatahouchee* and *Flint* Rivers meet, to the Source of *St. Mary's* River, and by the Course of the said River to the *Atlantick* Ocean ; and to the Eastward and Southward, by the *Atlantick* Ocean, and the Gulph of *Florida*, including all Islands within Six Leagues of the Sea Coast.

Thirdly. The Government of *West Florida*, bounded to the Southward by the Gulph of *Mexico*, including all Islands within Six Leagues of the Coast from the River *Apalachicola*, to Lake *Pontchartrain* ; to the Westward by the said Lake, the Lake *Maurepas*, and the River *Mississippi* ; to the Northward by a Line drawn due East from that Part of the River *Mississippi* which lies in Thirty one Degrees North Latitude, to the River *Apalachicola* or *Chatahouchee* ; and to the Eastward by the said River.

Fourthly. The Government of *Grenada*, comprehending the Island of that Name, together with the *Grenadines*, and the Islands of *Dominico*, *St. Vincents*, and *Tobago*.

And, to the End that the open and free Fishery of Our Subjects may be extended to and carried on upon the Coast of *Labrador* and the adjacent Islands, we have thought fit, with the Advice of our said Privy Council, to put all that Coast, from the River *St. John's* to *Hudson's Streights*, together with the Islands of *Anticosti* and *Madelaine*, and all other smaller Islands lying upon the said Coast, under the Care and Inspection of our Governor of *Newfoundland*.

We have also, with the Advice of our Privy Council, thought fit to annex the Islands of *St John's* and *Cape Breton* or *Isle Royale*, with the lesser Islands adjacent thereto, to the Government of *Nova Scotia*.

We have also, with the Advice of our Privy Council aforesaid, annexed to our Province of *Georgia* all the Lands lying between the Rivers *Alatamaha* and *St. Mary's*.

And whereas it will greatly contribute to the speedy Settling our said new Governments, that our loving Subjects should be informed of our Paternal Care for the Security of the Liberties and Properties of those who are and shall become Inhabitants thereof ; We have thought fit to publish and declare, by this our Proclamation, that we have, in the Letters Patent under our Great Seal of *Great Britain*, by which the said Governments are constituted, given express Power and Direction to our Governors of our said Colonies respectively, that so soon as the State and Circumstances of the said Colonies will admit thereof, they shall, with the Advice and Consent of the Members of our Council, summon and call General Assemblies within the said Governments respectively, in such Manner and Form as is used and directed in those Colonies and Provinces in *America*, which are under our immediate Government ; and we have also given Power to the said Governors, with the Consent of our said Councils, and the Representatives of the People, so to be summoned as aforesaid, to make, constitute, and ordain Laws, Statutes, and Ordinances for the Public Peace, Welfare, and Good Government of our said Colonies, and of the People and Inhabitants thereof, as near as may be agreeable to the Laws of *England*, and under such Regulations and Restrictions as are used in other Colonies : And in the mean Time, and until such Assemblies can be called as aforesaid, all Persons Inhabiting in, or resorting to our said Colonies, may confide in our Royal Protection for the Enjoyment of the Benefit of the Laws of our Realm of *England* ; for which Purpose, We have given Power under our Great Seal to the Governors of our said Colonies respectively, to erect and constitute, with the Advice of our said Councils respectively, Courts of Judicature and public Justice, within our said Colonies, for the hearing and determining all Causes, as well Criminal as Civil, according to Law and Equity, and as near as may be agreeable to the Laws of *England*, with Liberty to all Persons who may think themselves aggrieved by the Sentences of such Courts, in all Civil Cases, to appeal, under the usual Limitations and Restrictions, to Us in our Privy Council.

We have also thought fit, with the Advice of our Privy Council as aforesaid, to give unto the Governors and Councils of our said three New Colonies upon the Continent, full Power and Authority to settle and agree with the Inhabitants of our said New Colonies, or with any other Persons who shall resort thereto, for such Lands, Tenements, and Hereditaments, as are now, or hereafter shall be in our Power to dispose of, and them to grant to any such Person or Persons, upon such Terms, and under such moderate Quit-Rents, Services, and Acknowledgments as have been appointed and settled in our other Colonies, and under such other Conditions as shall appear to us to be necessary and expedient for the Advantage of the Grantees, and the Improvement and Settlement of our said Colonies.

And whereas we are desirous, upon all Occasions, to testify our Royal Sense and Approbation of the Conduct and Bravery of the Officers and Soldiers of our Armies, and to reward the same, we do hereby command and empower our Governors of our said three New Colonies, and all other our Governors of our several Provinces on the Continent of *North-America*, to grant, without Fee or Reward, to such Reduced Officers as have served in *North-America* during the late War, and to such Private Soldiers as have been or shall be disbanded in *America*, and are actually residing there, and shall personally apply for the same, the following Quantities of Lands, subject at the Expiration of Ten Years to the same Quit-Rents as other Lands are subject to in the Province within which they are granted, as also subject to the same Conditions of Cultivation and Improvement, *viz.*

To every Person having the Rank of a Field Officer, Five Thousand Acres.——To every Captain, Three Thousand Acres.——To every Subaltern or Staff Officer, Two Thousand Acres.——To every Non-commission Officer, Two Hundred Acres.——To every private Man, Fifty Acres.

We do likewise authorize and require the Governors and Commanders in Chief of all our said Colonies upon the Continent of *North-America*, to grant the like Quantities of Land, and upon the same Conditions, to such Reduced Officers of our Navy, of like Rank, as served on Board our Ships of War in *North-America* at the Times of the Reduction of *Louisbourg* and *Quebec* in the late War, and who shall personally apply to our respective Governors for such Grants.

And whereas it is just and reasonable, and essential to our Interest and the Security of our Colonies, that the several Nations or Tribes of *Indians*, with whom we are connected, and who live under our protection, should not be molested or disturbed in the possession of such parts of our Dominions and Territories as, not having been ceded to, or purchased by us, are reserved to them, or any of them, as their Hunting Grounds ; We do therefore, with the Advice of our Privy Council, declare it to be our Royal Will and Pleasure, that no Governor or Commander in Chief in any of our Colonies of *Quebec*, *East Florida*, or *West Florida*, do presume, upon any pretence whatever, to grant Warrants of Survey, or pass any Patents for Lands beyond the Bounds of their respective Governments, as described in their Commissions ; as also, that no Governor or Commander in Chief in any of our other Colonies or Plantations in *America*, do presume, for the present, and until our further pleasure be known, to grant Warrants of Survey, or pass patents for any Lands beyond the Heads or Sources of any of the Rivers which fall into the *Atlantick* Ocean from the West and North West, or upon any Lands whatever, which not having been ceded to, or purchased by us as aforesaid, are reserved to the said *Indians*, or any of them.

And we do further declare it to be our Royal Will and Pleasure, for the present as aforesaid, to reserve under our Sovereignty, Protection, and Dominion, for the Use of the said *Indians*, all the Lands and Territories not included within the Limits of the said Three New Governments, or within the Limits of the Territory granted to the *Hudson's Bay* Company, as also all the Lands and Territories lying to the Westward of the Sources of the Rivers which fall into the Sea from the West and North West, as aforesaid ; and we do hereby strictly forbid, on pain of our Displeasure, all our loving Subjects from making any Purchases or Settlements whatever, or taking Possession of any of the Lands above reserved, without our especial Leave and Licence for that purpose first obtained.

And we do further strictly enjoin and require all Persons whatever, who have either wilfully or inadvertently seated themselves upon any Lands within the Countries above described, or upon any other Lands, which, not having been ceded to, or purchased by Us, are still reserved to the said *Indians* as aforesaid, forthwith to remove themselves from such Settlements.

And whereas great Frauds and Abuses have been committed in the purchasing Lands of the *Indians*, to the great prejudice of our Interests, and to the great Disquietude of the said *Indians* ; in order therefore to prevent such Irregularities for the future, and to the End that the *Indians* may be convinced of our Justice, and determined Resolution to remove all reasonable Cause of Discontent, we do, with the Advice of our Privy Council, strictly enjoin and require, that no private Person do presume to make any Purchase from the said *Indians* of any Lands reserved to the said *Indians*, within those parts of our Colonies where we have thought proper to allow Settlement ; but that, if, at any Time, any of the said *Indians* should be inclined to dispose of the said Lands, the same shall be purchased only for us, in our Name, at some public Meeting or Assembly of the said *Indians* to be held for that purpose by the Governor or Commander in Chief of our colonies respectively, within which they shall lie ; and in case they shall lie within the Limits of any Proprietary Government, they shall be purchased only for the Use and in the Name of such Proprietaries, conformable to such Directions and Instructions as we or they shall think proper to give for that purpose : And we do, by the Advice of our Privy Council, declare and enjoin, that the Trade with the said *Indians* shall be free and open to all our Subjects whatever ; provided that every Person, who may incline to trade with the said *Indians* do take out a Licence for carrying on such Trade from the Governor or Commander in chief of any of our Colonies respectively, where such person shall reside ; and also give Security to observe such Regulations as we shall at any Time think fit, by Ourselves, or by our commissaries, to be appointed for this purpose, to direct and appoint for the Benefit of the said Trade ; and we do hereby authorize, enjoin, and require the Governors and Commanders in chief of all our Colonies respectively, as well Those under our immediate Government as Those under the Government and Direction of Proprietaries, to grant such Licences without Fee or Reward, taking especial care to insert therein a condition, that such Licence shall be void, and the Security forfeited, in case the person, to whom the same is granted, shall refuse or neglect to observe such Regulations as we shall think proper to prescribe as aforesaid.

And we do further expressly enjoin and require all Officers whatever, as well Military as Those employed in the Management and Direction of *Indian* Affairs within the Territories reserved as aforesaid for the Use of the said Indians, to seize and apprehend all persons whatever, who, standing charged with Treasons, Misprisions of Treason, Murders, or other Felonies or Misdemeanors, shall fly from Justice, and take Refuge in the said Territory, and to send them under a proper Guard to the Colony where the crime was committed of which they stand accused, in order to take their Trial for the same.

GIVEN at Our Court at Saint James's, *the Seventh Day of* October, *One thousand seven hundred and sixty three, in the Third Year of Our Reign.*

And whereas a Copy of the said Proclamation hath been transmitted to me by the Right Honourable the Lords Commissioners of Trade and Plantations, who have also signified to me his Majesty's Royal Will and Pleasure, that the same should be published in the several Parts of my Government, to the End that all his Majesty's Subjects there may pay due Obedience thereto : I have therefore, in Obedience to the said Royal Order, signified to me as aforesaid, with the Advice of his Lordship's Council of State, caused the said Proclamation to be this Day published at the City of *Annapolis* ; and I do hereby strictly Charge and Command the several Sheriffs of this Province to make this his Majesty's Proclamation Public in their respective Counties, in the usual Manner, that all his Majesty's Subjects within the same, may take Notice thereof, and conform themselves thereto accordingly.

GIVEN at the City of Annapolis, *this Twelfth Day of* January, *in the Thirteenth Year of his Lordship's Dominion,* Annoque Domini 1764.

GOD Save the KING.

LONDON, *October* 20.

THE late King of Poland was born October 7, 1696, and elected King, October 5, 1733, so that he reigned exactly Thirty Years. It is supposed there will be, as usual, a Number of Competitors for the Throne. Tho' the Poles, in general, are willing to have a Native, the powerful Princes, by whom they are surrounded, always interest themselves much in the Election, and a War has generally ensued. It is said, that before the eldest Son of the late King, now Elector of Saxony, one of the Sons of the Empress Queen will be proposed ; and others talk, that the King

of Prussia's Brother, Prince Henry, will offer himself; if so, he must change his Religion.——The Revenues of the King's Houshold arise out of his Lands and Saltpits, and are computed to amount to above Three Millions of Florins per Annum, besides the Sum of 100,000 Livres allowed to the Queen for keeping of her Court. But the State provides Money for the maintaining of Wars, and defraying all other extraordinary Expences.

The Algerines have broke their Peace with the French, have put the French King's Consul there, and all the Merchants (as they have there a great Trade to Marseilles) in Irons; and have ordered all the Cruisers they have to take any French Vessels they meet. Their Cruisers indeed are but few to what they used to be, their maritime Force being of late much dwindled. This rash Step will probably expose them to a Bombardment, as the French have besides many Scores to wipe off with them, for some of the Algerines past Insults and violent Outrages some Years ago.

The Dutch were greatly alarmed about their Dykes during the late Hurricanes and continual Rains: More than 4000 Men were daily employed to support and repair them.

Oct. 22. Several Transports are now Contracting for in the River, and other Ports on the North Coast, which it is thought are to be employed in carrying over new Settlers, and their Effects to America; as Multitudes are preparing to take the most early Advantage of the late Proclamation.

The Sarah, Dixon, from Virginia to Bristol, sprung a Leak, and foundered at Sea. The Crew were taken up by a Vessel bound to Liverpool.

They write from Toulon, that the Le Fier and L'Hippopotame, two French Men of War, and two Frigates, sailed from thence the 1st Inst. on a Four Months Cruize on the Barbary Rovers.

Oct. 29. It is said, that Bills to double the Duty on French Wines, to repeal the Cyder Act, and to reduce the Price of Porter to 3d. a Pot, are preparing to be laid before the House at the meeting of the Parliament.

The Sum for which the Neufvilles failed at Amsterdam, is Five Millions more than it was thought at first. It amounts to Nine Millions of Dutch Florins [above 750,000l. Sterling.]

It is said a List of the several Losses, sustained by his Majesty's Subjects from the French in North-America, in the Years Fifty-four, Five and Six, to the Amount of a very large Sum, is now ascertaining, in order to balance some Accounts lately exhibited by the French Court, respecting the Captures of their Merchant Ships, and sundry other Articles, previous to the Commencement of the late War.

Letters from Spain say, that the Emperor of Morocco had put in Motion an Army of 70,000 Men, without declaring what he intends to do with it. His Catholic Majesty apprehending it may be to attack some of the Spanish Places on the Coast of Africa, has ordered them to be put in a good Posture of Defence.

It is said a certain foreign Manifesto, powerfully backed, is soon expected to make its Appearance, which will not fail to surprize all Europe.

It is said the Government, in Consequence of some Dispatches lately arrived, entirely to be depended on, have now under Consideration the actual State of the Naval Forces of three different Powers, who insolently stile themselves the Triumvirate, and the Pains daily taken to augment their Marine; the Result of which, it is expected, will occasion some fresh maritime Orders and Dispositions speedily to take place.

Some Gentlemen, of great Experience in the Trade of Nova Scotia and Newfoundland, have lately been in consultation with the Lords of Plantations; which, it is expected, will produce good Effects in those important Fisheries.

It is said that the Governors for America have received Orders to embark for that Continent by the first of January.

Monday some Dispatches, which came by the New-York Mail from General Amherst, arrived at the Secretary of State's Office.

Letters from Brest of the 15th ult. advise, that several flat-bottomed Vessels, that were going round to Nantes for Ship Timber, had been cast away on the Coast; but the Crews saved their Lives.

Last Monday Night the Right Hon. William Pitt, Esq; came to Town to attend the ensuing Sessions of Parliament; and Earl Temple is expected in Town this Evening.

All the Troops in India are ordered to return home.

Fourteen Men of War of the Line, besides Frigates, are fitting out for the East-Indies, to relieve the Men of War that have been some Years on that Station.

It is rumoured that there will be Four Competitors for the Crown of Poland; three whereof are Sons of Crowned Heads, and the Fourth is a Polander.

Extract of a Letter from Paris, October 8.

"We hear from Abbeville, that a Youth of Seventeen Years of Age, of a genteel Family at that Place, has poisoned both his Father and his Mother. Having quarrelled with a Man who always was his Friend, he determined to poison him also; the Consequences of this Resolution were terrible. Being invited to dine with his Friend at a Neighbour's House, he went thither before Dinner, to make his Excuse for being obliged not to stay Dinner, and taking an Opportunity to step into the Kitchen, threw a Paper of Arsenick into the Pot. The Guests who were to dine, were in Number Fourteen. Ten died almost immediately, the other Four are given over. The young Villain was taken up on the Deposition of a Child, who declares that it saw him salt the Pot. It is reported that he has confessed all."

Oct. 22. A few Days ago was buried at Whitechapel Church, a Child of Mr. Wells's, one of the Watchmen at the South Sea house, aged five Years; her Death was occasioned by a Cat fastening on her Neck, with her Mouth to her's, when she was in Bed and asleep: In this Situation she was supposed to have continued some Time, when her Mother found it, without any Appearance of Hurt to the Child; but she next Day complained of not being well; she soon after fell into great Agonies, and died at Three the next Morning, with all the Actions and Noises of a Cat.

The late King of Poland, for about three Weeks before he died, was troubled with an almost continual Drowsiness, to which was joined a frequent Cough: He was himself surprised, at Times, at the Kind of Lethargy into which he found he was fallen. The Day on which he died, he heard Mass in his Apartment, and no visible Alteration appeared in him: On returning to his Bed-Chamber, he found himself very ill, and had such a long Intermission of his Pulse, that they were obliged to Blood him in the Foot, and to apply Blisters to both his Legs; but these Remedies being insufficient to prevent the Return of the Suffocations and Faintings, which succeeded one another almost every Instant, he expired about Five in the Evening.

Letter from Urney, near Strabane, Oct. 9.

"Yesterday I went to Castlesynn, a Town adjoining to my Parish of Urney, to visit an honest and industrious Countryman, Wm. Kemp and his Family lying in great Misery. The occasion of their Misery was this: He had some Time ago admonished, for his dishonest Tricks, Charles Wright who attended about the Mill of Castlesynn, whereupon Wright was heard to say, "he would give him a Posset;" Kemp suspecting no harm, brought a Peck of Shelling to the Mill to have it Ground. Wright ran to the Apothecary's, brought Ratsbane, and threw it into the Hopper with the Shelling. Kemp carried home his Meal, and had Part of it made into Stirrabout, which he supped up greedily, being hungry; his Children and Family, being nine in Number, took Share with him, but more sparingly; six other Persons also, who came into his Cabbin, got Part of this fatal Dose. They were all immediately seized with violent Gripings and Vomitings; the Doctor being called in, pronounced that they were poisoned, and the Apothecary had remembered that Wright got the Poison at his Shop. In this Confusion Wright made his Escape; but it is hard to express the Misery these innocent People have suffered; they who only got a small Dose struggled through with Life, but the old honest Man, Kemp, whose Death is hourly expected, lies one of the most miserable Spectacles I have ever seen; his Eyes, Tongue, and Cheeks, full of Ulcers, his Throat and Bowels parched up, his anguish inexpressible, and the Hopes of Death his comfort. In these deplorable Circumstances I received from his own Mouth this shocking Story, which all the Neighbours attested. It now is found out, that this same Villain, about a Year ago, poisoned James Devanny, and his Family, all of whom, six in Number, died in cruel Torments."

BOSTON, *December* 26.

We hear that a remarkable large TURNIP was raised this Season in the Field of Captain Draper of Dedham; the Weight of which is said to be Seventeen Pounds, and that it measures three Feet two Inches round; supposed to be the largest Turnip ever raised in this Country. The Seed was sown the 21st of July last.

NEW-YORK, *January* 2.

About 11 o'Clock last Tuesday Night, we had a small Shock of an Earthquake.

About 3 Weeks ago, 7 Men deserted from a Detachment of the 44th Regiment, posted at Oswegatchie: They were immediately pursued by a Party of Indians sent after them by the Commanding Officer, when their Scalps were soon brought into the Fort. A few Days after a Sutler was robbed within a Mile of Oswegatchie, by a Party of Messasagas, and carried off, with his Servant and a Man belonging to the Train of Artillery; on Advice of which a Number of Oswegatchies went in Pursuit of the Messasagas, and it was thought would come up with them, and recover the Prisoners.

MARYLAND, *Patowmack* River, *George-Town*, *Dec.* 10, 1763. 5

AS I am fully determined on going Home in the Spring 1765, if then alive, in order to make a Settlement with my Employers, Meſſieurs JOHN GLASSFORD and Company, Merchants in *GLASGOW*, which I cannot accompliſh without making Settlements with my Cuſtomers; I take this Method of informing them, That from this Date I have given up the Management of the Store to Mr. *Robert Ferguſon*, (who is well known to moſt of them) that I may have it in my Power to attend properly on ſettling all my former Tranſactions, and which I hope I ſhall not be difficulted to get done againſt the Spring 1765, having now all my Accounts ready for that Purpoſe, and I flatter myſelf that none concerned will delay it on their Part, for however much I am inclined to be indulgent to thoſe who really have it not in their Power to make Payment ſoon, yet I am under a Neceſſity of requiring that every Perſon who have open Accounts with me, ſhall make a Settlement of ſuch Account, and their doing it ſoon will prevent them from being put to Expences, as well as Trouble to me. The Store at *George-Town*, on *Patowmack* River, now under the Management of Mr. *Robert Ferguſon*, will be ſupplied with Goods, &c. as uſual, and I have not the leaſt doubt of his giving Satisfaction to all who are Kind enough to favour him with their Cuſtom, as well to my good old Cuſtomers, as to others who may incline to open a Correſpondence with him. My Intention is to return to *George-Town* as early in the Spring 1766, as I can finiſh the Buſineſs on which I am going Home.
